J. E. EGNER, Proprietor

### Children's Day at M. E. Church.

The Children's Day exercises at the M. E. Church Sunday night were greeted by a packed house. The usual pretty exercises by the little ones and the music was enjoyable, but perhaps the most dramatic and a very timely number was a tableau with lights dimmed and music by the orchestra. The tableau was entitled The Star Spangled Banner. Misses Hattie Kunkler, Mary Drake and Maude Cline and Messrs. Allen Peterson and Frank Crow represented America, Star Spangled Banner, Liberty statue, the Army and the Navy.

### A Basket of Pansies.

Occasionally the editor gets a watermelon, a pumpkin or a basket of fruit or maybe a nice spring chicken with the compliments of some good friend, and last week W. H. Hager favored the News family with a basket of the most beautiful pansies, a gift that was very highly appreciated.

Our new serial, The Real Man, will begin next week.

Money to Loan on Farms

### ONE HUNDRED MILLION DOLLARS.

To Be America's Contribution to the American Red Cross War Fund.

Hundreds of thousands of America's best young blood has enlisted in the Army and Navy for the great struggle between Human Liberty, as represented by America and the Allied Countries, against German Militarism and Despotism.

Ten million more of our best young manhood registered on June 5 their willingness when called to protect and defend the Banner of Freedom the world over.

Our people quickly and enthusiastically set their seal of approval upon the Two Billion Dollar Liberty Loan by far over-subscribing to it.

Thousands of America's young women have enlisted in war service, many to places of the greatest physical danger at the Battle Front in France, making every sacrifice to minister to the comfort and need of the wounded, sick and dying soldiers.

With all this sacrifice for our country and a principle that is as dear to us as it is to them, will we hesitate a moment when the American Red Cross Society sends out its cry for funds to carry on its work of mercy and love.

The American Red Cross is chartered by Congress. Its president is the President of the United States. It is the only volunteer agency for relief commissioned by the Government in case of war or overwhelming disaster.

One hundred million dollars is needed to support its field and base hospitals, its doctors and nurses and provide the necessities for the relief and to ameliorate to some extent the terrible ordeals through which the boys at the front are now passing.

Is it too much money? American boys about to go into the trenches and will very soon need in the direst way the ministrations of the Red Cross Nurses and Doctors.

Is it too much money when our own Missouri boys go down into those hell-tormented places and are brought back bruised and maimed? Your boys and your neighbors' boys?

No! It is not enough then! Its the least we can do. And we believe America will again respond freely and liberally to the great cause of the American Red Cross and give it the funds it needs.

Jasper County is being organized for this work and this community will be given an opportunity in a few days to do her part.

The wonderful picture of peace and plenty that now surrounds this locality should be an incentive to support this cause in a liberal way.

### Death of Mrs. Rachel Haynes.

Mrs. Rachel Haynes, mother of Mrs. W. E. Moulton, died at her home in the south part of Jasper, Wednesday June 13, after an illness of several months. The funeral was held at the house Thursday morning at 10 o'clock by Rev. J. W. Moore, pastor of the M. E. Church, and the remains were laid to rest in the family lot at Hackney Cemetery, 11 miles southeast of Jasper.

Mrs. Haynes was born in West Virginia December 12, 1834, and was 70 years and 6 months old at her death. With her parents she moved to town in early life. Later she moved to Kansas, and about 17 years ago came to this section of Missouri. In young womanhood she married E. M. Haynes, who died about 16 years ago. They had three sons and four daughters, of whom one son and three daughters survive. The son is Frank Haynes, whose home is in Howell County. The daughters are Mrs. Katie Thompson of Billings, Mo., Mrs. C. E. Cramer of Springfield, Mo., and Mrs. W. E. Moulton of Jasper. Frank Haynes was here a few weeks ago, and when his mother seemed better he started on a western trip and can not now be located.

Mrs. Haynes joined the M. E. Church many years ago and was an earnest christian character. Up to a few weeks before her death she was a regular attendant at church services. She was a good mother, a loyal friend and neighbor and her death brings sorrow to many hearts.

### A Remarkable Prophecy.

(Made in the Sixteenth Century)

When pictures look alive with movements free,  
When ships like fishes swim below the sea,  
When men outstripping birds can scour the sky,  
Then half the world deep drenched in blood shall die.

—Mother Shipton.

### The Gulick Sheep Ranch.

Rev. J. W. Moore and family, Miss Ruth Good and the editor hereof drove out to the Spring Valley Ranch last Thursday afternoon to see the sheep shearing and view the herds and flocks. The shearers were just finishing up their two weeks' work and Mr. Gulick informed the party that they had something over 6000 pounds of wool.

J. F. Gulick & Son have a number of fields of splendid wheat, oats and corn, but a large part of the 1200 acres is in pasture, over which roam about a thousand head of sheep and lambs and 125 head of 2-year-old white face steers, besides the work stock and cows. It will be remembered that the Gulicks disposed of their fancy white-face head last year and put in sheep, after breeding show and beef cattle several years.

Wolves have become quite a menace to sheep raisers in this section in recent years, and to guard against loss the flock on the Spring Valley Ranch are brought in to the pens at night and torches are kept burning about the pens.

### Death of Mrs. Horace Shapley.

Mrs. Horace Shapley, died at the Cottage hospital Tuesday night, following an operation for appendicitis. She had been in the hospital about three weeks and was operated on for another ailment some time ago, and went back to the hospital Monday after having been at her home, west of Jasper, but two or three days following her previous illness.

Mrs. Shapley was a daughter of Mrs. A. R. Bowers, and a sister of Mrs. Robt. Horton and Miss Alice Bowers of Jasper, and Mrs. Fred Norton, residing several miles southeast of Jasper, and Mrs. Alfred Moon of Mayville, Mo., are sisters.

### Trying Out Navy Beans.

Will D. Wood, on the Jacobs farm southwest of Jasper, was in Saturday evening, and like all the farmers about Jasper Will seems to feel pretty good over crop prospects. He is giving navy beans a tryout this year and put in two acres. He says his oats are extra good and his wheat is far better than he hoped for a while back. Mr. Wood has been cultivating corn the past week or more and says he will keep it up till he has to stop to cut wheat.

### A Fine Wheat Crop.

Chas. Elting was in Monday with a sample of his wheat. Mr. Elting says he thinks he has the best wheat he ever raised, and the sample shows long heads containing from 4 and 5 grains to the mesh. There is considerable wheat like this about Jasper this year, and while the straw is rather short and a little thinner on the ground than usual the heavy head is going to make a fine crop. Mr. Elting lives in the Diamond neighborhood west of Jasper.

### Births.

The following births were reported to the News this week:

By Dr. Knott—  
To Guy Chapman and wife, 7 miles northwest, Saturday, June 16, a boy.  
To D. R. Brous and wife, 8 miles northwest, Monday, June 18, a girl.  
To Fritz Hager and wife of Jasper, Tuesday, June 19, a boy—Charles Russell Hager.

If you are not satisfied with just ordinary service and workmanship we are sure we can please you.

Do you know the best in vulcanizing? Our customers do.

Service Day and Night

## THE CARTER GARAGE

South Main Street

### Spoke From Experience.

"This paper says by harnessing a fly to a tiny wagon an English scientist found it could draw 70 times its own weight; over smooth surfaces," said the wife. "I guess that's all right," replied the baldheaded husband; "I've seen one fly draw 170 others."

### Attention Cows!

If you want the highest possible test and price for your cream see that it is taken to J. D. Harbur's, Jasper, Mo.

For any information in regard to cream Call No. 14.
